Subject: **Amended to correct tag codes:** Planned release of brood year 2018 Chinook salmon into the Feather River at Boyd’s Pump and Gridley.

On April 22, 2019, the Department of Fish and Wildlife will release approximately 516,425 brood year 2018 Chinook from Feather River Hatchery into the Feather River at Boyd’s Pump and Gridley. This release will include 100% marked (adipose fin clip) and Coded Wire Tagged (CWT) fish (Table 1). Additionally, an experimental release of 600 acoustic tagged fish will be included with these releases. For questions concerning this release, please contact Jay Rowan (916) 358-2883

Table 1 – Planned release summary of Feather River Hatchery Chinook salmon.
