

Date: April 27, 2018

To: Distribution List
From: Jay Rowan,
Senior Environmental Scientist Supervisor-Hatcheries
North Central Region
Subject: Planned release of brood year 2017 into the San Pablo Bay at Mare Island.

On April 29, 30, and May 1, 2018 the Department of Fish and Wildlife will release approximately 1,950,000 brood year 2017 Chinook salmon from Feather River Hatchery into the San Pablo Bay, Mare Island net pens. This release will include 25% marked (adipose fin clip) and Coded Wire Tagged (CWT) fish (Table 1). For questions concerning this release, please contact Jay Rowan (916) 358-2883.

Table 1 – Planned release summary of Feather River Hatchery Fall run Chinook salmon.
