

Date: March 26, 2018

To: Distribution List
From: Jay Rowan,
Senior Environmental Scientist Supervisor-Hatcheries
North Central Region
Subject: Amended: Planned release of brood year 2017 spring run Chinook salmon into the Feather River.

On March 26, 2018, the Department of Fish and Wildlife will release approximately 500,000 brood year 2017 Spring run Chinook salmon to the Feather River at Boyd’s Pump from Feather River Hatchery. This release will include 100% marked (adipose fin clip) fish (Table 1). For questions concerning this release, please contact Jay Rowan (916) 358-2883.
